DUAL CONTROL

The ProWireless features dual control capability for convenient use and handling. Simply use the remote or the on-motor control system to achieve the most therapeutic treatment.

WIRELESS

The ProWireless is the strongest and most versatile wireless TENS and EMS combo unit in the world. Making adjustments and changes is a breeze with the wireless remote!

ILLUMINATED

Usability in one of the most important design choices we make. This is why we include a blue backlit LCD for crystal clear functionality.

WHAT'S INCLUDED:

The ProWireless comes complete with: A retail ready full color box, (1) Rechargeable remote, (1) Rechargeable Dual Control Motor, (1) Electrode Pad, (1) USB recharging cable, (1) AC wall adapter, and (1) Manual.

EASY TO USE:

The ProWireless is extremely easy to set up. Simply place the electrode on the desired area and press the power button on the motor. Power on the remote and select the desired mode, then increase the intensity until the desired effect is achieved. Enjoy!

NATURAL PAIN RELIEF:

The ProWireless utilizes special TENS frequencies which fight pain at its root. This coupled with the easy to use remote control make the ProWireless a top pick for pain control at home, and on the go.

VERSATILE & COMPACT:

The ProWireless features 6 powerful and alleviating EMS and TENS frequencies. Whether you want to fight chronic lower back pain, or recover after an intense workout, the ProWireless accommodates a wide range of use case scenarios.
